

RE: Info regarding educational school outings to Rocky Ridge Estate Road Safety centre

Thanks for the interest! The staff at Rocky Ridge Estate would extend our heartfelt gratitude if you for make us your venue of choice for your next educational or fun outing.

"Every 48 minutes a person is killed on our roads. Children are particular at risk when walking or riding bicycles in the streets"

Let us introduce our Road Safety centre

Not so far away there is a little town where ordinary little people become policemen, doctors, schoolteachers or whatever may capture a childhood fancy!!

Our programme introduces the dangers children face when walking down streets, crossing roads or riding bicycle. We aim to enhance their awareness of these dangers and to develop safer behaviour on and next to our roads.

Our educational programme is presented in our incredible little fantasy mini-town where they can apply their newly acquired knowledge, skills and attitudes in a safe environment while having loads of FUN!

Our venue offers reality on a scale customized for children - a place where children and teachers alike may experience wonderful, memorable educational outings.
